PROFILE

Senior Product Designer with 8+ years of experience owning **end-to-end user experience** for **consumer** web, mobile, and e-commerce products. Skilled in translating user needs into intuitive **application and interaction design**, from **user research** and **product discovery** through high-fidelity delivery. Comfortable working as an embedded **UX partner** to engineering, product, and marketing teams, establishing **design systems** and **user-centered** practices that scale across a product ecosystem. Known for taking **ownership** of ambiguous, first-of-their-kind design challenges and shaping them into clear, usable experiences.

CORE SKILLS

End-to-End Experience Design • **Product Discovery & Strategy** • **Application & Interaction Design** • **User Research & Usability Testing** • **Customer Journey Mapping** • **Information Architecture** • **Consumer & E-commerce Product Design** • **Design Systems** • **Prototyping & High-Fidelity Design**
Cross-Functional Collaboration • **Stakeholder Management** • **Data-Informed Design** • **Agile Product Development** • **Accessibility & Inclusive Design** • **AI-Assisted Design** • **Design Ownership & Mentorship**

PROFESSIONAL EXPERIENCE

Lead I - UX Design, UST Global, India

Mar 2024 - Sep 2025

- Owned **end-to-end product design** for enterprise and customer-facing digital products, from **user research** and **product discovery** through high-fidelity, developer-ready delivery.
- Partnered **cross-functionally** with product managers, engineers, and stakeholders to translate user needs into clear **design requirements**.
- Conducted **user research**, journey mapping, and **usability testing** to validate concepts and improve workflows.
- Established and scaled **design systems** to drive consistency and quality across products.
- Facilitated design reviews and workshops, mentoring peers and aligning teams around **user-centered** outcomes.
- Leveraged **AI-assisted** design workflows to accelerate research synthesis, ideation, and concept validation.

Lead UX/UI Designer, 22feet Tribal Worldwide (DDB Mudra Group), India

Mar 2023 - Mar 2024

- Led UX and **product design** for **web and mobile** platforms across multiple **consumer** and D2C engagements, from discovery to delivery.
- Defined **user journeys**, **information architecture**, and **interaction patterns** for **consumer-facing** products.
- Built and scaled reusable **design systems** and UI component libraries to improve consistency and delivery speed.
- Collaborated closely with **engineering** teams within Agile workflows to ensure design quality and smooth handoff.

UI Designer, 22feet Tribal Worldwide (DDB Mudra Group), India

Jan 2021 - Mar 2023

- Designed **end-to-end** digital experiences across **web and mobile** products for multiple client engagements.
- Created **wireframes**, **user flows**, **prototypes**, and **high-fidelity interfaces**.
- Conducted **usability testing** and translated insights into measurable design improvements.
- Collaborated with **cross-functional teams** to deliver **user-centered** solutions aligned with business goals.

UX/UI Designer, Webenza India Pvt. Ltd, India

May 2019 - Dec 2020

- Designed **user-centered** digital experiences focused on engagement and usability.
- Conducted **usability testing** and interaction improvements across platforms.
- Created **wireframes**, **prototypes**, and visual designs for digital products and campaigns.

UX-UI Designer, Aurus IT Solutions, India

Jun 2018 - Apr 2019

- Redesigned the Vijay Sales website, app, and CMS using **Material Design** principles.
- Improved the food-ordering flow for the Agent Jack's app through **usability testing** and **prototyping**.

UI Designer, Mobicule Technologies Ltd, India

Sep 2017 - May 2018

- Integrated UI with CMS workflows, delivering developer-ready assets to support an on-time MVP launch.
- Optimized design processes for **accessibility** and user-focused outcomes.

SELECTED PROJECTS

Vijay Sales E-commerce Ecosystem

- Redesigned the e-commerce ecosystem across website, mobile app, and CMS, with scalable **design systems** and reusable component libraries.
- Facilitated **stakeholder workshops** to align business goals, technical constraints, and user needs.

Digital Asset Management Platform

- Designed workflows for asset organization, metadata management, search, and collaboration within an **enterprise SaaS platform**.
- Created scalable design patterns and governance standards to support product growth and operational efficiency.

Jio-bp Digital Experience

- Redesigned **customer journeys** across web and mobile touchpoints for a fuel-tech platform.
- Improved usability and **information architecture** through research-led design decisions.

EDUCATION

Master's in English | Bharti Vidyapeeth (Distance Education)

Bachelor's in Business Economics | Tamil Nadu Open University

LICENSES & CERTIFICATIONS

- **Certified Usability Analyst (CUA)**, Human Factors International
- UX From Scratch, Interaction Design Foundation
- Visual Effects Course, Frameboxx, Mumbai
- Diploma in 3D Animation, MAAC, Mumbai

LANGUAGES

English (Fluent) | German (A2, actively improving)
